## SJC announces \$22 million Centennial Campaign

Saint Joseph's College has announced the start of a \$22 million centennial campaign, "Between Two Centuries," as it seeks to fund a new core education center, renovate current campus facilities, and enlarge its endowment base.

Father Charles Banet, C.P.P.S., president, says the five-year campaign that extends through 1995 is designed to "enable Saint Joseph's to build on its established strengths and move into its second century with the facilities and resources to become

not bigger, but still better."

Campaign objectives include \$10 million in outright gifts for construction, renovation, and endowment and \$12 million in deferred gifts.

Construction centers on a new Core education facility that will be home to the Core curriculum, which has received national acclaim from media and educators as one of the top five general education programs in the United States.

The facility will include classrooms, a general education science laboratory, a lecture hall, faculty offices, a conference room, and the admissions and financial aid offices.

Renovation includes \$3 million for improvements to Arts and Science Hall, upgrading of the administration building, student dormitories, athletic facilities, the powerhouse, and energy conservation and maintenance programs.

Philip Wilhelm '63, general chairman of the campaign and chairman of the SJC board of trustees, says the goal of adding \$4.5 million to Saint Joseph's endowment base is especially significant.

"Many private schools enjoy substantially larger endowments that provide cushions for student aid and program and faculty development," he says. "To remain competitive, we must diminish tuition dependency by substantially increasing our endowment. Both outright and deferred gifts are sought to help meet this goal."

Included here are goals of \$1.5 million to fund leadership awards for members of minority groups as defined by the federal government, \$2 million, the income from which will fund distinguished Trustee Scholarships yearly, and \$1 million to support faculty and curriculum development projects.

## Centennial Celebration honors three C.P.P.S. members

Three members of the Society of the Precious Blood were presented honorary degrees during a centennial celebration held at Saint Joseph's College on September 1.

Father Kenneth Pleiman, Provincial of the Cincinnati Province of the Society, and a representative Brother or Sister of the Society — Brother Robert Buhrman and Sister Rosella Hess — were recognized during a convocation that emphasized the role of the Society of the Precious Blood in the history of the College. The Society has operated and staffed SJC since it opened its doors August 23, 1891.

Fr. Pleiman undertook seminary studies at Saint Joe during 1960-62. He was ordained in 1970 and has served pastoral assignments in Michigan and Ohio. He was elected provincial director in 1990.

Bro. Robert made his profession as a Brother in 1941 and was assistant librarian at SJC during 1941-55. He was director of SJC's mailing services for 30 years and director of printing services for 15 years, received bachelor's degrees in English-journalism here in 1966 and in theology in 1968, and was named a Saint Joseph's Fellow in 1988.

Sr. Rosella taught history at SJC during the late 1950s and early 1960s. She resides at the Central House and Retirement Home for the Sisters of the Precious Blood at Salem Heights in Dayton, Ohio, where she also is assistant coordinator and a member of the staff committee and liturgy committee. She celebrates the completion this year of 60 years since she entered the Congregation of the Sisters of the Precious Blood.

# Saint Joe offers new "Centennial Scholarship," begins special 10% discount for children of alumni

The Office of Admissions and the Office of Financial Aid have announced the restructuring of the academic scholarship program. For the first time ever, Saint Joseph's College will award a limited number of "full-ride" academic scholarships, named "Centennial Scholarships," that will cover all expenses of tuition, room, and board.

To qualify for the Centennial Scholarship, a student must have a 1250+ SAT and/or a 30+ ACT and be ranked in the top 5 percent of his or her class. Initially, all qualified applicants will be awarded a Trustee Scholarship valued at 75 percent of tuition. If a student wishes to be considered for the Centennial Scholarship, he or she must submit two letters of recommendation and be willing to participate in an interview on campus, unless extensive distance deters this. The awarding of these limited scholarships will begin after February 15, 1992.

Saint Joe will continue to award Trustee Scholarships, but the program received a facelift in order to provide the college an opportunity to remain competitive with other colleges and universities. Trustee Scholarships will be awarded on the basis of academic achievement and promise and will be determined by the student's high school record in conjunction with SAT or ACT test scores. Students who rank in the top 25 percent of their graduating class and have an SAT composite score of 1000+ or ACT composite score of 24+ will be eligible for consideration. Trustee Scholarships are unlimited in num-

ber and are awarded in amounts of 25 percent, 50 percent, and 75 percent of tuition. Scholarship recipients are able to renew scholarships annually, contingent upon the maintenance of the appropriate grade point average (on a 4.0 scale) as seen in the following schedule:

## Necessary GPA to maintain scholarship at Saint Joseph's College

Centennial Scholarship (full-ride)	3.6/4.0
Trustee Scholarship (75% of tuition)	3.4/4.0
Trustee Scholarship (50% of tuition)	3.2/4.0
Trustee Scholarship (25% of tuition)	3.0/4.0

*All Trustee Scholarship recipients must maintain full-time enrollment status while students at Saint Joseph's College.*

The Minority Student Leadership Award continues to be available to Saint Joe's minority population. A limited number of these awards are available each year for

amounts up to \$3,500. They are renewable if the student maintains full-time enrollment and a cumulative grade point average of 2.5 (on 4.0).

Saint Joseph's College will begin awarding a 10 percent discount to all sons and daughters of alumni (Saint Joseph's College graduates) beginning with the freshman class of 1992-1993. This discount may be combined with other forms of financial aid, with the exception of the family discount already being awarded to students with multiple members of their immediate family attending Saint Joe simultaneously.

"If you come across family, friends, neighbors, or anyone who may be interested in Saint Joseph's College, please share this information with them," says Kate Egan Geleott, executive director of Admissions. "Give them our toll-free number (1/800/447-8781). My staff and I will be happy to discuss these fantastic opportunities with them."
